SUMMARY

MS Business Analytics candidate (GPA 3.98) who finds the driver behind every number and makes the answer easy to act on. Achieved 97% fraud recall on a dataset where only 6% of claims were fraudulent, cut supply-chain delays by 25% through Power BI dashboards, and identified the drivers behind a 15–25% regional spending premium. Ready to bring that rigor to analytics, BI and product teams that need decisions, not just reports.

SKILLS

- **Programming and data:** Python (pandas, NumPy, scikit-learn, statsmodels); SQL (CTEs, window functions)
- **Visualization and BI:** Power BI (DAX); Tableau; Advanced Excel (VBA, Power Query, Power Pivot)
- **Statistics and machine learning:** Regression, logistic regression, decision trees, clustering, SMOTE, EDA, feature engineering
- **Finance:** Ratio and scenario analysis (ROA, EBIT, debt-to-equity, liquidity)
- **Leadership:** Training and mentoring, public speaking, negotiation, business communication

EDUCATION

MS Business Analytics, UMass Amherst, Isenberg School of Management | GPA 3.98 | May 2027

B.Tech Computer Science and Business Systems, Bannari Amman Institute of Technology, India | Apr 2025

EXPERIENCE

Business Analyst Intern, MGM Paper Boxes | Jan 2025 – Jul 2025

- Built Power BI dashboards that consolidated production, inventory and supplier data into one view of operational trends for management
- Cut supply-chain delays by 25% and reporting errors by 30% by tracking production and inventory patterns
- Lowered operational waste by 12% and raised operational efficiency by 10% by analyzing material usage and production quantities in Excel and SQL

Financial Analyst Intern, Tata Consultancy Services | Apr 2022 – Jun 2022 | (Undergraduate Internship, Year 2 of B.Tech)

- Evaluated European manufacturing firms using ROA, EBIT, debt-to-equity, profitability, liquidity and efficiency metrics
- Reduced portfolio risk by 8% and improved investment evaluation accuracy by 12% by building comparative analyses for diversification and risk assessment

PROJECTS

Private Fund Intelligence Platform, Fidelity Labs | Applied Business Analytics Practicum, Fall 2026

- Classified private fund holdings across private credit, private equity and private real assets, using clustering and segmentation beyond binary labels
- Developed descriptive analytics dashboards that make alternative-asset data comparable for advisors and investors

Vehicle Insurance Fraud Detection | Python, SMOTE, Logistic Regression, Decision Tree

- Engineered 96 features and reduced them to 65 through correlation and variance filtering across an end-to-end pipeline on 15,400+ auto claims
- Achieved 97% fraud recall on a 6% minority class using class weighting and SMOTE, with a train-test F1 gap of 0.002

Urban Livability and Affordability Dashboard | Excel, VBA

- Integrated 5+ datasets from 4 sources into an interactive dashboard with pivot tables, slicers and multi-chart comparisons across U.S. cities
- Automated filtering and reset with VBA, cutting manual analysis time by 40%

Customer Spending Analysis and Predictive Sales Modeling | Python, pandas, statsmodels

- Identified income (correlation 0.60) and region (South and East customers spend 15–25% more) as the main spend predictors in customer transaction data
- Modeled spending with a multiple linear regression explaining about 50% of variance, to inform segmentation and targeted promotions

LEADERSHIP AND ACTIVITIES

- **Graduate Student Senator (GSG), UMass Amherst:** Represented 5,000+ graduate students in university governance and funding decisions
- **Treasurer, Graduate Women in Business Club:** Designed budget workflows and delivered financial reports to institutional leadership
- **ECOFIN Delegate, FWWMUN New York (April 2026):** Negotiated and passed a resolution on climate change and national economies at UN Headquarters
- **Skill Trainer, Bannari Amman Institute of Technology (Aug 2023):** Trained 300+ juniors and peers in C programming, Power BI and Tableau
- **NSS Volunteer:** Led 300+ volunteers in campaigns on health, sanitation and education
